

New! **Frezzi**[®] **PROFESSIONAL LIGHTING & SUPPORT KITS**
ENERGY SYSTEMS **FOR ALL HAND HELD HD CAMERAS**

Frezzi introduces the most advanced all in one Dimmer Light kit that contains all you need to achieve professional lighting while keeping everything on-board your Hand Held HD Camera with ease and stability. At the heart of the system is our New 65WH Power Block Battery. It can replace all Sony EX1 & EX 3 camera batteries and as a bonus it offers a built-in power tap connector to run light & camera together. It has the ability to easily attach to "Any Hand Held Camera" with the Frezzi unique "Power Block Adapter". Mounting our most versatile and high quality Frezzi dimmable light, which accept both Tungsten & LED lamps, coupled with our unique camera stabilizer bar, gives you that firm camera support feel and control when shooting. This makes our system as good as it gets and with all the extra shoes available you can combine lighting, battery, camera, wireless, monitor etc...giving you all necessities on-board in an "all in one", easy to use professional platform.
