Professional Lithium-Ion Batteries

Frezzi®

ENERGY SYSTEMS

New economically priced Lithium-ion batteries from Frezzi are the world's most powerful. Able to run a camera longer than any other for their size and weight, they directly connect to all cameras with Anton/Bauer® mount, or V-LOCK mount and offer a built in fuel gage letting you know the remaining capacity.

Lithium-Ion Batteries for V-LOCK mount

FLB-100V 100WH Lithium-Ion 14.8V 100WH
Advanced Meter / Weight 1.8lb / 6 Amp maximum load

FLB-130V 130WH Lithium-Ion 14.8V 130 WH
Advanced meter / Weight 2.2lb / 6 Amp maximum load

FLB-200V 200WH Lithium-Ion 14.8V 200WH
Advanced Meter / Weight 3.1lb / 6 Amp maximum load

Lithium-Ion for Batteries A/B Mount

FLB-100 100WH Lithium-Ion 14.8V 100 WH
Advanced Meter / Weight 1.8lb / 6 Amp maximum load

FLB-130 130WH Lithium-Ion 14.8V 130WH
Advanced Meter / Weight 2.2lb / 6 Amp maximum load

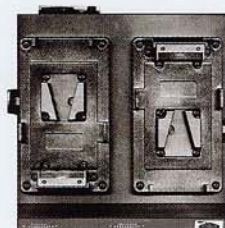

FLB-200 200WH Lithium-Ion 14.8V 200WH
Advanced Meter / Weight 3.1lb / 6 Amp maximum load

Lithium-Ion Charger's

FLC-2 Simultaneous Dual Lithium-Ion Battery Charger for FLB-100,FLB-130 or FLB-200 with 40W Power Supply and Auto Voltage select for Worldwide Operation

FLC-2V Simultaneous Dual Lithium-Ion Battery Charger for FLB-100V, FLB-130V or FLB-200V with 40W Power Supply and Auto Voltage select for Worldwide Operation

FLC-1 Compact Single channel charger for all Frezzi FLB series lithium-ion batteries with Auto Voltage Select for Worldwide Operation
